| 4  |                           |      |              |                                                                                                  |                                            |
| 5  |                           |      |              |                                                                                                  |                                            |
| 6  |                           |      |              |                                                                                                  |                                            |
| 7  |                           |      |              |                                                                                                  |                                            |
| 8  |                           |      |              |                                                                                                  |                                            |
| 9  |                           |      |              |                                                                                                  |                                            |
| 10 |                           |      |              |                                                                                                  |                                            |

**Challenge Objective:** *Incentive program for members to turn unfinished objects (UFOs) into works of art while generating funds for the JAXMQG.*

**Rules:**

Members pay \$10 to the JAXMQG to enter the challenge and enter up to 10 unfinished objects that were started prior to the beginning of the current program calendar year. Participants should take the sheet and their \$10 to the Treasurer. Once the Treasurer has marked the sheet as paid, the participant should give the sheet to the UFO Coordinator. The challenge may be joined at any time during the year. Participants update their challenge sheets with the UFO Coordinator by showing their completed (quilted and bound) projects during Sew and Tell at a monthly meeting. Alternatively, if a project is gifted or donated between meetings, the participant may provide the UFO Coordinator with a photo of the completed project. Participants may submit multiple challenge sheets. Each sheet will cost an additional \$10. An annual drawing will be held at the holiday gathering in December. Participants will have their names entered into the annual drawing for each completed UFO documented with the Coordinator. The name drawn at the December holiday gathering will receive one half of the UFO entry funds collected during the year and the JAXMQG Treasury will receive the other half of the funds. Items may be altered from the original plan. For example, a king sized quilt may be finished as a lap quilt.
